 can also be quickly provided on request.

Technical features

- Lever handle or knob – the dual-setting springing accom-
 modates both alternatives to optimum effect
- Special cushioning elements provide for effective latch
 damping so the door clicks quietly yet securely into place
- The rugged internal components of the lock meet all
 the requirements of DIN 18 251, Class 3, satisfying the
 type test criteria of 200,000 latch and 50,000 deadbolt
 operating cycles
- The fully closed zinc die-casting lock case ensures
 enhanced protection
- A sturdy metal latch rounds off the proven stability
 concept
